Copyright Regulations

implants international magazine of oral implantology is published by OEMUS MEDIA AG and will appear with one issue every quarter in 2022. The magazine and all articles and illustrations therein are protected by copyright. Any utilisation without the prior consent of editor and publisher is inadmissible and liable to prosecution. This applies in particular to duplicate copies, translations, microfilms, and storage and processing in electronic systems.

Reproductions, including extracts, may only be made with the permission of the publisher. Given no statement to the contrary, any submissions to the editorial department are understood to be in agreement with a full or partial publishing of said submission. The editorial department reserves the right to check all submitted articles for formal errors and factual authority, and to make amendments if necessary. No responsibility shall be taken for unsolicited books and manuscripts. Articles bearing symbols other than that of the editorial department, or which are distinguished by the name of the author, represent the opinion of the aforementioned, and do not have to comply with the views of OEMUS MEDIA AG. Responsibility for such articles shall be borne by the author. Responsibility for advertisements and other specially labeled items shall not be borne by the editorial department. Likewise, no responsibility shall be assumed for information published about associations, companies and commercial markets. All cases of consequential liability arising from inaccurate or faulty representation are excluded. General terms and conditions apply, legal venue is Leipzig, Germany.

Straumann® Pro Arch BLX

New confidence, flexibility and efficiency with one system.

One system for most full-arch challenges of the immediate rehabilitation with the Straumann® BLX Implant System designed for primary stability.

CONFIDENCE

Implant design and Dynamic Bone Management™ for primary stability, Roxolid® for strength^{1,2} and SLActive® for faster healing³.

FLEXIBILITY

Broad range of 42 implants and optimized shallow threads of narrow implants designed for use in the soft and hard bone.

EFFICIENCY

One connection for all diameters. Ø 3.75 mm implant for all indications and slim and smooth Screw-retained Abutments.
