Hygiene protocols

COVID-19 restrictions for trade fairs and events in North Rhine-Westphalia have been lifted completely and visitors are not required to wear face masks on the fairgrounds or in the halls. IDS organisers nonetheless encourage the basic hygiene protocols of regular hand washing, sneezing into one's elbow, avoiding physical contact

and using the provided hand disinfection facilities.

Getting to and from the show

IDS 2023 ticket holders can use public transport within both the Rhein-Sieg and the Rhein-Ruhr transport areas free of charge. The Koelnmesse grounds are well connected to the city's transport network. Suburban (S-Bahn) Lines 6, 11, 12 and 19 depart from the Köln Messe/Deutz train station (opposite the south entrance) and reach Cologne main station (Köln Hauptbahnhof) in just a few minutes. Underground Lines 1 and 9 stop at the Bahnhof Deutz station (3 minutes' walk from the south entrance), and 3 and 4 stop at the Koelnmesse station (east entrance). Taxi ranks can be found at all four main entrances and those wishing to walk back to the central city can use the Hohenzollern Bridge.

Barrier-free trade fair

The North, East and West entrances to the trade fair have box offices and cloakrooms on the ground floor and lifts to the exhibition halls. Entrance South can be reached via an outside lift via Gate F. Visitors with disabilities or restricted mobility can borrow manual or electric wheelchairs from the Medical Centre North (Hall 7) and Medical Centre East (Hall 11.1) in ex-

change for a refundable deposit. Disabled toilet facilities are located at all entrances and throughout the halls.

Internet

Wi-Fi is available free of charge via the WLAN network #hotspot.koelnmesse after registering on the portal site.

Money

Germany uses the euro as legal tender and the exchange rates as at 20 February were €0.93 to US\$1 and €1.12 to £1.

Contactless payment will be accepted throughout the venue.

Places of worship

Muslim prayer rooms are located in Congress Centre East (third floor, Room 6) and in Hall 8 (Room 8.2.05).

Oral-B is on a mission to make oral care more inclusive, accessible, and positive for everyone.

Did you know?

Approximately **1/3 of people (166 million)** in Europe** are affected by a disability in some way

32%

36%

36%

1/3 (34%) of those experienced gum issues in the past year

Oral-B, a leading innovator in oral health and #1 recommended brand by dentists worldwide, has commissioned a European-wide study* to better understand the hidden impact of disability on oral health.

The study reveals that in UK, France, Germany and Italy:

Almost **HALF of people (47%) with disabilities** have not been taught how to look after their oral health*

23%

(over a fifth) of disabled Europeans feel demotivated when it comes to maintaining their oral health*

2x

Almost **2x more** people with disabilities said they **find oral care painful** vs those without a disability*

35%

of disabled people feel **anxious or frustrated** when it comes to visiting the dentist*

1 in 5 (20%) of those with severe disabilities find that brushing all of their teeth physically challenging*

Our Ambition

Oral-B believes **everyone deserves an equitable oral care experience** – whether that's at **the dentist**, through **easily accessible** and **personalised tips and tricks** or with the products that are **used at home** to maintain oral health.

*About the Research

The Oral Health & Disability European Study – UK, France, Germany and Italy, was conducted by Reputation Leaders. The studies were conducted between 2021–2022 in Germany (n=1034), France (n=1009), UK (n=2029) and Italy (n=1002).

In each country the online survey sample was recruited and reported to be representative of the total adult population by age, gender and region. The margin of error of a sample of 5000 adults is +/- 1.4% at a 95% confidence level for the 4 leading economies.

At a country level, the margin of error of the sample relative to the total adult population was UK n=2000 (+/- 2.2%), Germany, France and Italy, n=1000 (+/- 3.1%)
