

Did you ever know...

...that the European Association of Dental Implantologists BDIZ EDI

is collaborating with European associations and societies in implant dentistry? Even beyond the European borders there are collaborations existing with EDI India and the Nepalese Society of Implant Dentistry (NSID). EDI India just recently started a fellowship programme with input of the BDIZ EDI. More is coming up soon.

...that the BDIZ EDI

is collaboration partner to implant associations and societies in Europe to organise the European Symposium on an annual basis? 2023 BDIZ EDI was partner of the publishing house OEMUS MEDIA in Valpolicella/Italy. 2024 the partner will be the Croatian Dental Chamber in Split/Croatia.

...that the BDIZ EDI

is looking very carefully to watch what is going on in Europe—European Commission and the European Parliament and also the European Court of Justice—to recognise in an early stage how politics, regulations, directives, decisions regarding the dental practice may change. BDIZ EDI is to take some action by intervening or informing about consequences thereof.

CERAMIC IMPLANTS STATE OF THE ART

8TH ANNUAL MEETING OF
ISMI | INT. SOCIETY
OF METAL FREE
IMPLANTOLOGY

**3-4 MAY 2024
HAMBURG**
