## editorial

Insights and innovations in oral implantology 03  
 Dr Georg Bach

## research

Immediate or delayed loading in the completely edentulous mandible 06

Drs Yassine Harichane, Rami Chiri & Benjamin Droz Bartholet

Torque factor in implant dentistry 12

Dr Sushil Koirala

Impact of periodontitis on systemic health and on implants 18

Prof. Curd Bollen, Prof. Paul Tipton, Dr Mishel Kocharyan & Prof. Gagik Hakobyan

## case report

Immediate implant placement and provisional restoration in the aesthetic zone 22

Drs Luiz Otavio Camargo, Livia Lamunier de Abreu Camargo & Lucio Kanashiro

Maxillary fixed full-arch rehabilitation 30

Drs Armando Lopes, Diogo Santos & Carlos Moura Guedes

Full-arch dentistry with dynamic navigation and photogrammetry 34

Dr Emilien Tronc

30 years OEMUS MEDIA 39

## industry

Dentistry innovations through research collaboration 40

## events

Advancing interdisciplinary exchange in dentistry and dental technology 43

EAO Congress 2024: Advancing excellence in implant dentistry 44

## about the publisher

imprint 50

**CONOLOG®**  
**PROGRESSIVE-LINE**  
conical performance [1,2]  
at bone level

**Precise conical connection**

- Long conus for reduced micromovements
- Superior positional stability in comparison to other conical systems [1, 2]
- Integrated platform switching supporting the preservation of crestal bone
