Over 4,600 attendees from more than 70 countries gathered in Milan from 24 to 26 October for an exceptional EAO Congress, themed “Details Make Perfection”. This year’s programme, thoughtfully curated by the scientific committee, was designed to both inspire and challenge participants, with each day focusing on a specific theme: The Fundamentals, State of the Art—Certainties, and Beyond the Limits. Sessions featured the latest evidence-based practices, delivering practical techniques that dentists can readily implement in their practices.

The congress, as always, provided a unique opportunity to learn from leading experts in the field. Continuing its tradition of collaboration with prominent local associations, the EAO partnered with the Italian Academy of Osseointegration (IAO) and the Italian Society of Periodontology (SIdP). Their invaluable contributions enriched

the programme, presenting a comprehensive perspective on the latest advancements in implant dentistry.

Among the many highlights, distinguished specialists shared insights on the challenges and innovations in implant care, covering topics such as sustainable treatment models, digital advancements, and optimised protocols for complex cases. Workshops offered participants hands-on experience with the latest techniques, equipping them with practical skills for immediate application.

Attendees enjoyed cutting-edge presentations, connected with esteemed colleagues from around the world, and experienced the dynamic ambiance of one of Europe's most iconic cities. Meanwhile, an extensive industry exhibition featuring leading companies in the field fostered the exchange of the latest materials, techniques, and technologies.

This congress marked the EAO's second event in Italy in the past decade, following the successful congress in Rome in 2014. Milan, with its vibrant culture and cosmopolitan energy, served as an inspiring setting for this global gathering.

For those who could not attend all sessions, a selection of conference recordings is available on the congress platform starting 5 November free of charge.
