60 years of Orotol & suction systems

Perfect teamwork for your protection

E08/E20 duerrdental.com/ids Fends off all germs Powerful performance Always reliable

Stronger together: 60 years ago, Dürr Dental invented not only the suction system, but also the solution for disinfecting and cleaning suction systems. This was the launch of our innovative system solutions in dental suction and the foundation for the best infection protection in day-to-day practice life.
