Transforming dental procedures with precision and reliability

Precise and predictable digital full-arch and multiple implant restorations

MICRONMAPPER

The next generation of advanced photogrammetry

- ⊕ Exceptional accuracy
- ⊕ Streamlined workflow
- ⊕ Dual-purpose scan bodies
- ⊕ Improved communication
- ⊕ Ease of use

Unparalleled accuracy for implant placement, endodontics and oral surgery

NAVIDENT EVO

Revolutionary real-time visual guidance

- ⊕ Unmatched precision
- ⊕ Minimally invasive techniques
- ⊕ Real-time adjustments and flexibility
- ⊕ Simplified workflow
- ⊕ Enhanced patient experience

Experience the difference

initial™ IQ ONE SQIN

Paintable colour-and-form ceramic system

Infinite colour nuances

Spectrum Stains can be mixed with Lustre Pastes or SQIN

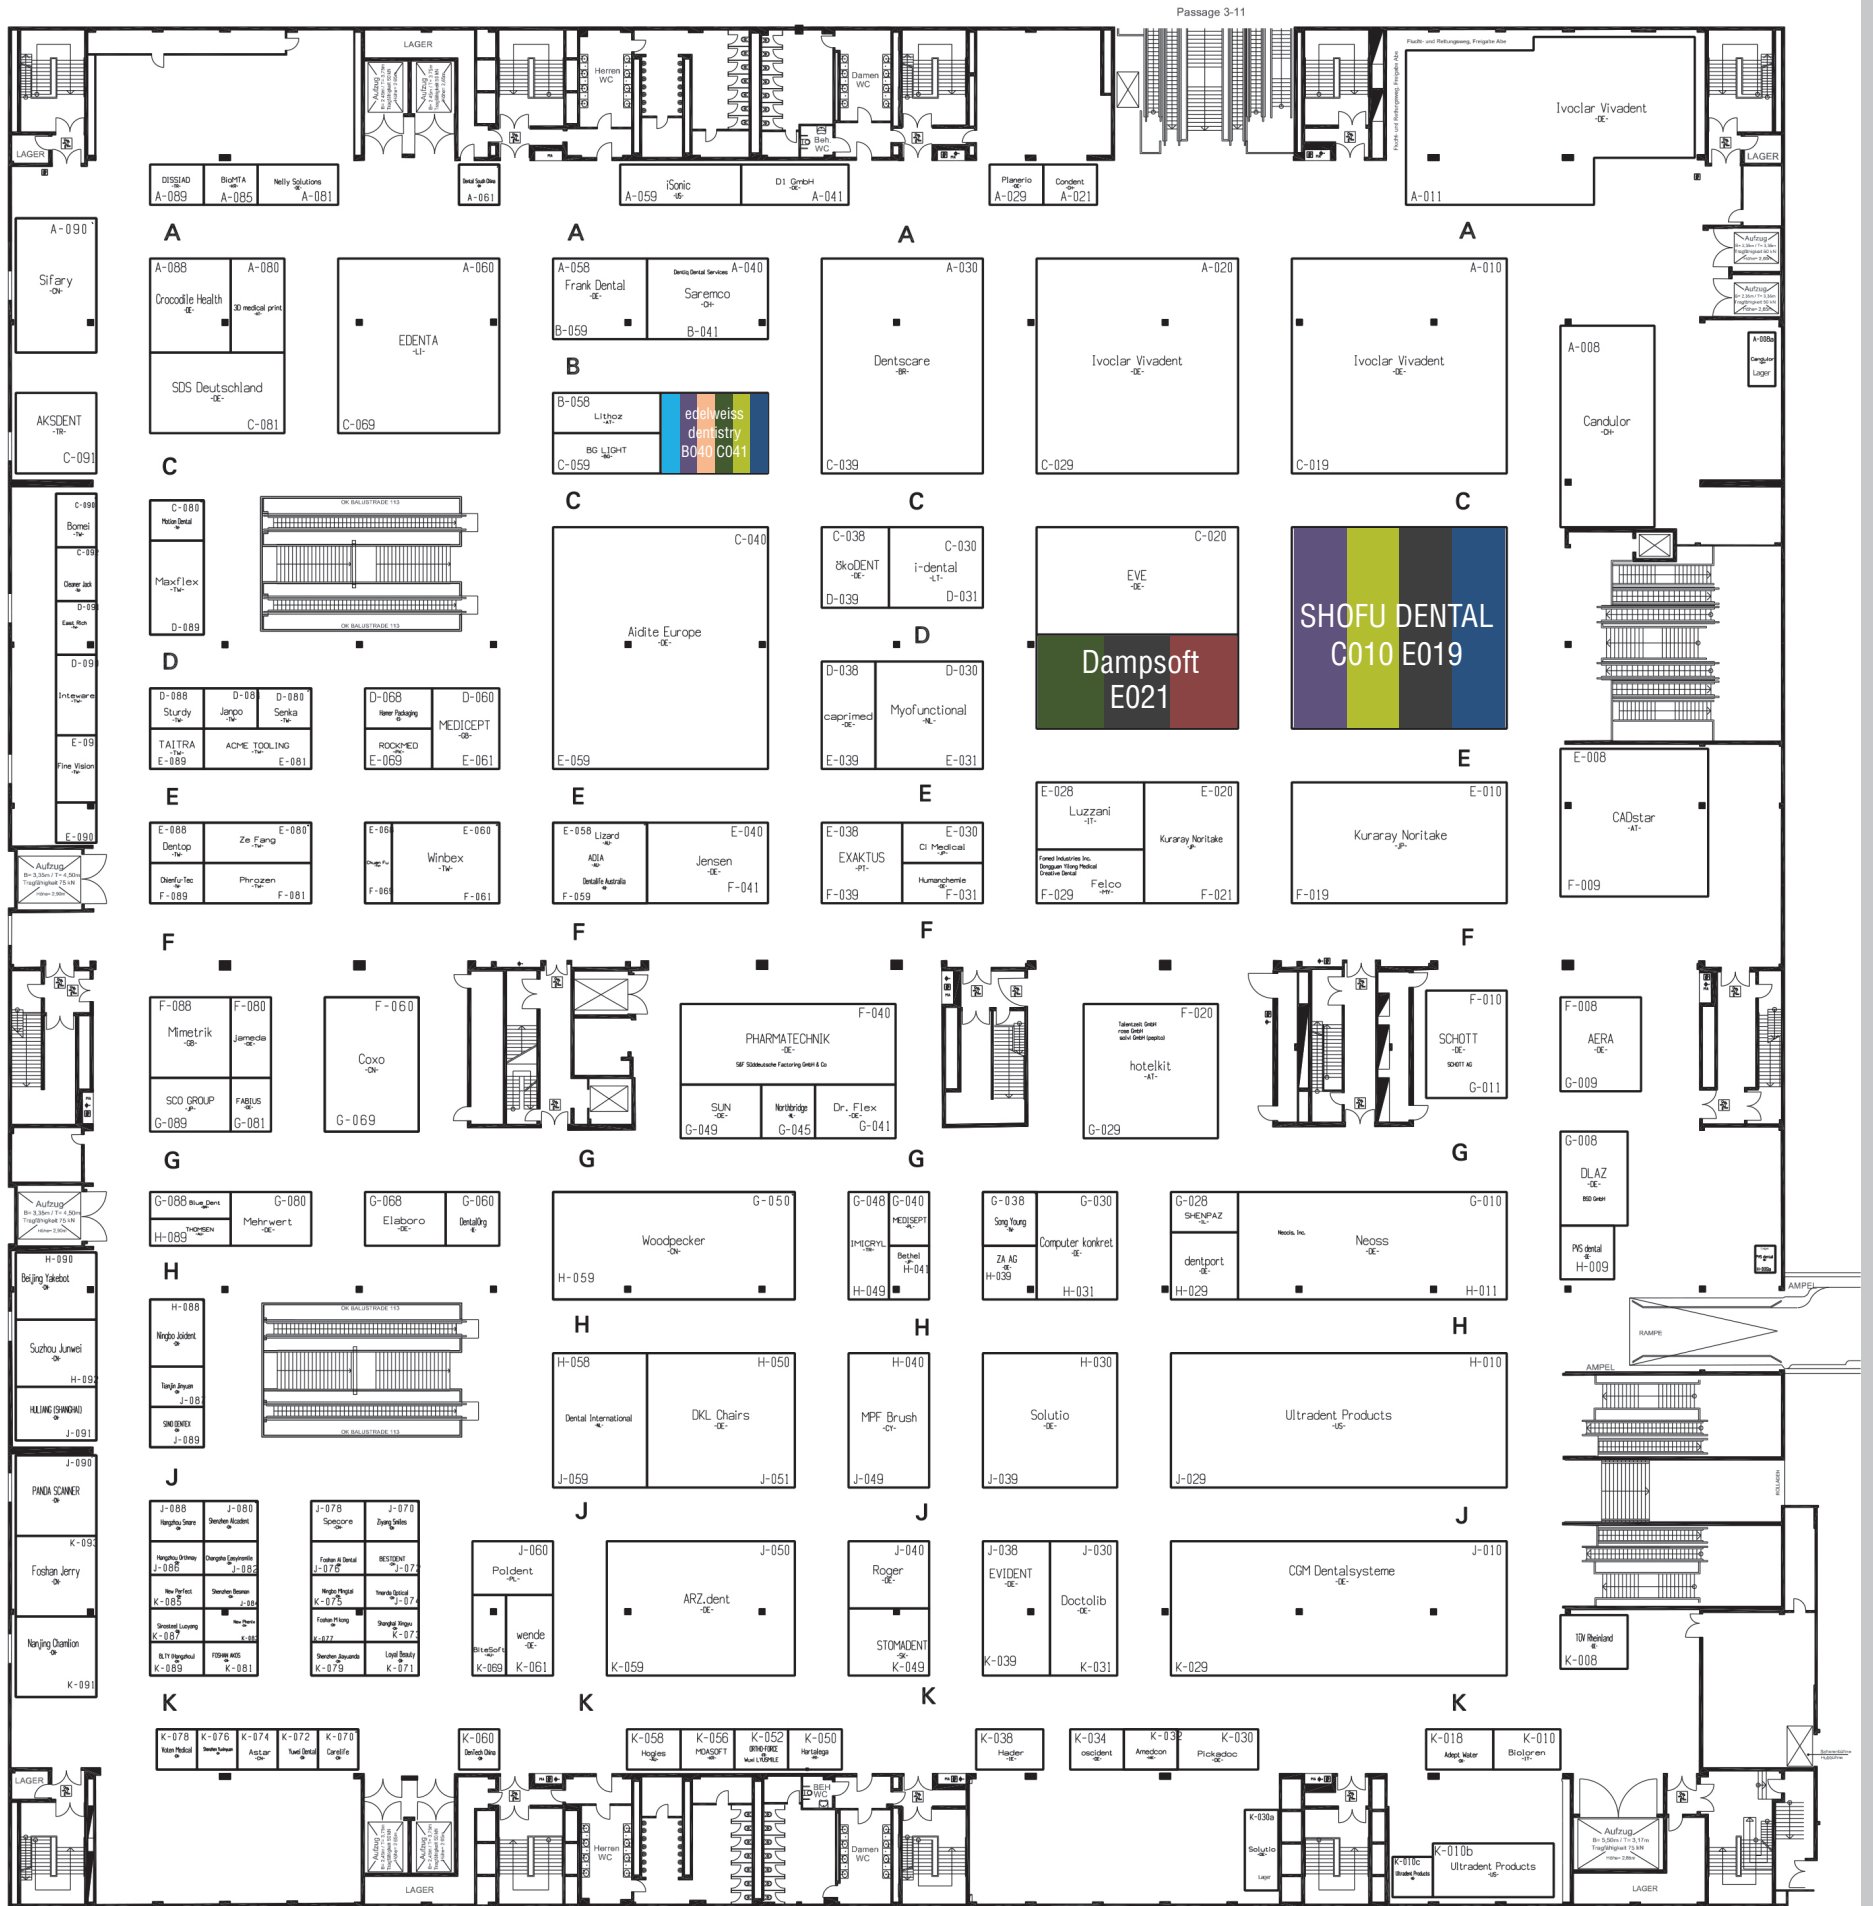

Gloss and texture

SQIN completes the final surface with easy form and texture and self-glazing effect

The most versatile paintable ceramic
Lustre Pastes add colour and fluorescence and serve as the connection when used with SQIN
