

Impressions of IDS 2025

The wheel of fortune was spun twice a day for visitors to the booth. The BDIZ EDI Board with Christian Berger, Dr Stefan Liepe and Dr Wolfgang Neumann explained its Curriculum Implantology in its two incarnations, presented to the next European symposium in Stockholm and drew attention to the European Specialist in Implantology (EDA) examination. All in all, a successful IDS week for the association, its members and visitors.

A photograph of three men in business attire standing in front of a large pop art mural of a woman's face. The man on the left is holding a glass of red wine. The man in the middle is wearing a white shirt and a dark tie. The man on the right is wearing a blue suit jacket and glasses. They are all smiling at the camera. The background features a large mural of a woman's face with blue hair and red lips, and a sign that says '96' is visible on the wall.
