Are you a writer?

Do you have clinical cases and a profound knowledge about a special treatment method? Then become part of **implants—international magazine of oral implantology**. Share your experience and knowledge and benefit from a global reach and high level of awareness.

We are always on the lookout for new faces to increase our clinical and scientific network.

Submission checklist

Send us a text with length of 10,000 to 15,000 characters. We do not want to limit you in terms of article length, so please use the word count as a general guideline!

Numbered images in TIF or JPEG format, in a printable quality of at least 300 dpi.

Most important: we would like to introduce you/the mind behind the article. So please send us also your portrait photo with a short biography about your professional career and your contact information.
