

80 Ncm

Powerful for surgery

120 Years W&H.
Help us support SOS Children's Villages!

The new Elcomed from W&H: logical and easy to use. Uncompromising in performance: with a torque of up to 80 Ncm on the rotating instrument, the surgical drive unit guarantees smooth usage, which can be completely documented at no further cost thanks to an integrated USB interface. These are just three of the many advantages of the new W&H Elcomed.

elcomed

Captivation and precision

SURPRISINGLY YOUNG: 120 YEARS W&H. HALL 10.1, AISLE C/O 10-11.
