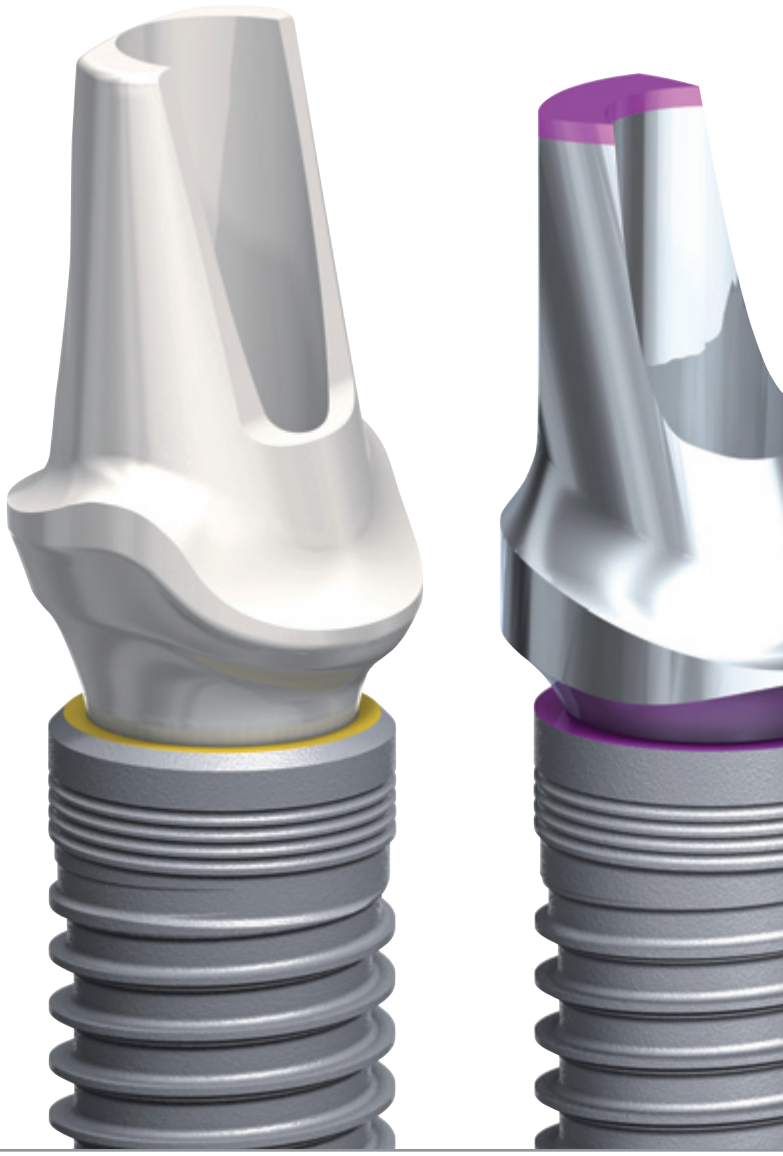
Implantology in Cologne

oemus

More options, same original body.



Two new connections to choose from.

Designed to maximize soft tissue volume.

Established and clinically proven tapered implant body.

NEW With platform shift and conical connection

They're called NobelReplace Conical Connection and NobelReplace Platform Shift. Broaden your restorative options while keeping the benefits of the clinically proven NobelReplace Tapered implant, such as color-coded components and standardized step-by-step drill protocol for ease-of-use and predictable outcomes. Developed for restorations in the esthetic region, NobelReplace Conical Connection combines platform shifting with a strong sealed connection, whereas NobelReplace Platform Shift offers platform shifting on the internal tri-channel connection with its unrivalled tactile feel. After 45 years as a dental innovator we have the experience to bring you future-proof and reliable technologies for effective patient treatment. **Their smile, your skill, our solutions.**
