Behind every successful  
implantologist is an Implantmed

Scan the QR code with  
your mobile telephone  
for more information on  
Implantmed

With the new Implantmed you perform implant procedures with maximum precision. The unit is easy to operate and guarantees longer working without fatigue – thanks to the **lightweight**, yet **powerful motor** and the ergonomically-shaped contra-angle handpiece. And the integrated **thread cutter function** helps you with especially hard bone.
