

The Dual Wavelength *waterlase**iPlus™

Advancing Laser Technology to Its Ultimate

INTUITIVE & INTELLIGENT GRAPHICAL USER INTERFACE

For example, performing a Class I Cavity Prep with the iPlus™ is as easy as 1,2,3...

- Step 1** Select "Restorative" from the first screen
- Step 2** Choose "Class I" from the next screen that appears automatically
- Step 3** Specify any other concerns such as patient sensitivity or bond strength
That's it! Step on the foot pedal, and start working.

iLASE™ 940nm DIODE LASER DOCKING STATION

- ⊕ Adds dual wavelength versatility and convenience
- ⊕ First totally wireless dental laser
- ⊕ 5 Watts peak power with ComfortPulse™
- ⊕ Battery operated with finger switch activation
- ⊕ Exclusive bendable tips in many diameters & lengths

powered

BREAKS THE SPEED BARRIER
