## **CLEARFIL MAJESTY™ ES-2**

**You'll just be amazed by the blending effects every time you use this intuitive composite concept.**

Start working with the new universal CLEARFIL MAJESTY™ ES-2 and something surprising will happen. We re-engineered the color system to make it simply intuitive. Just pick your VITA™ approved colors and start designing nature. To create the perfect adaption to the tooth, we further optimized the consistency. This will give you great confidence during layering. Especially when using our new Premium Enamel and

Dentin colors to naturally layer your restoration. After finishing you will just be amazed by the blending effect.

To create this unique restorative workflow, we used the latest pioneering technologies to make your restorations better, more predictable and longer lasting.
