

# 6<sup>th</sup> International CAMLOG Congress

From 9 to 11 June 2016, the 6<sup>th</sup> International CAMLOG Congress organised by the CAMLOG Foundation takes place in the beautiful city of Krakow, Poland. The congress will be held under the motto "Tackling everyday challenges" and will incorporate practical aspects coupled with science for immediate implementation into the workplace.

The scientific committee chaired by Prof. Frank Schwarz, Germany, and Prof. Piotr Majewski, Poland, as Co-presidents is composed of well-known experts who combine scientific knowledge with practical background.

## The scientific committee

Dr Krzysztof Awillo (PL)  
Prof. Dr Fernando Guerra (PT)  
Prof. Dr Piotr Majewski (PL)

Dr Ralf Masur (DE)  
Dr Giano Ricci (IT)  
Prof. Dr Mariano Sanz (ES)  
Prof. Dr Frank Schwarz (DE)  
Dr Pascal Valentini (FR)

mechanics standards. Already now, the ICE is ranked among the most prestigious and exclusive congress centres in Europe.

## Krakow—a UNESCO world heritage site

Krakow, famous for its priceless historical monuments of culture and art, is Poland's former royal capital and one of the most attractive spots on the tourist map of Europe. The 13<sup>th</sup>-century merchants' town has Europe's largest market square and numerous historical houses, palaces and churches with magnificent interiors. Besides history, art and an atmosphere all of its own, Krakow offers visitors plentiful entertainment and leisure possibilities. Krakow is the second largest city in Poland. It has traditionally been one of the leading centres of Polish academic, cultural, and artistic life and is one of Poland's most important economic hubs.

CAMLOG is looking forward to welcoming you to the 6<sup>th</sup> International CAMLOG Congress in Poland.

## ICE—the Krakow Congress Centre

Built in 2014, the ICE (Int. Conferences and Entertainment) brand-new state-of-the-art congress centre provides the perfect setting for the 6<sup>th</sup> International CAMLOG Congress and offers much more than an average conference venue. This modern world class building, meets all the requirements of upscale architecture as well as the highest acoustic and stage
