Where innovation comes to life

Source: Nobel Biocare

World-class speakers, hands-on instruction, master classes, forums and social networking opportunities, all in the heart of one of the greatest cities in the world. Between 23 and 26 June 2016, the fabled Waldorf Astoria in Manhattan will be hosting the Nobel Biocare Global Symposium under the banner "Where innovation comes to life."

Four days of learning

The symposium's four-day program will be based on three main themes: refining and enhancing treatment, digital dentistry and achieving clinical excellence in challenging situations. Each theme has a complete schedule of its own, including lectures, master classes and practical sessions. Should attendees choose to follow only one theme, the symposium schedule allows them to be a part of every related session. If, on the other hand, delegates would like to pick and choose between the different themes and attend individual sessions of special interest in several (or all) of the themes, Nobel Biocare gives them the opportunity to design their own learning program.

In addition to a theme-related agenda intertwined with independent study opportunities, the company is arranging a compelling array of forums, including an innovation assembly and a full-day compromised patient forum. Other forums will cover the company's Partnering for Life program, through which Nobel Biocare helps dental professionals achieve their goals, the All-on-4 treatment concept and the dental laboratory workflow. A new generation of dental professionals will also have their own platform at the event's NEXT GEN forum.

Getting to know each other

After a busy first day of lectures, master classes and hands-on sessions, a welcome cocktail on 23 June will provide the perfect opportunity to unwind and network with colleagues from around the world. Attendees will be able to raise a glass, enjoy some food and see a display of innovative Nobel Biocare products in the beautiful, historical setting of the Waldorf Astoria. On the evening of 24 June, Nobel Biocare will be hosting the symposium's reception off-site at an exciting venue, yet to be revealed. It is set to be an evening to remember with an inspiring blend of diversion and education.

By popular demand

The Scientific Chairmen for the Nobel Biocare Global Symposium are Drs. Peter Wöhrle from the U.S. and Bertil Friberg from Sweden. They recently announced that—for the first time at a Nobel Biocare dental event—registered attendees will be able to have a direct impact on the program by voting for various topics and speakers on the event's website. The results will be revealed a few weeks before the symposium.

With world-class lecturers and thousands of dental professionals from around the world exploring the future of dental implants together, the 2016 Nobel Biocare Global Symposium promises to be an incomparable experience for everyone involved. Registration for the symposium is open at www.nobelbiocare.com/global-symposium-2016_

Membership Application Form

IM 1/16

I hereby to apply for membership of the DGZI – German Association of Dental Implantology (Deutschen Gesellschaft für Zahnärztliche Implantologie e.V.).
Please send this form via FAX to +49 211 16970-66.

Do you have experience in implantology? (mandatory)
○ Yes ○ No

I hereby agree to have my personal data processed for all purposes of the DGZI.

○ **Full membership** (outside Germany) ⇨ 125 Euro p.a.
○ **Assistant doctors** (outside Germany) ⇨ 60 Euro p.a.
○ **Students/auxiliaries** (outside Germany) ⇨ 60 Euro p.a.

○ I have transferred the annual fee to the DGZI bank account c/o Dr Rolf Vollmer:
IBAN: DE33 5735 1030 0050 0304 36 | KSK Altenkirchen | SWIFT/BIC: MALADE51AKI

Personal Data

Name	First name	Date of birth
Title	Citizenship	
Street	City, ZIP code	Country
Phone, Country and Area code	Fax	
E-Mail	Homepage	
Special qualification	Spoken languages	

Payment (by credit card)

Please use your: (Please mark as appropriate)
○ Visa ○ MasterCard

Card holder's name	Card number
Expiry date	
Signature	Place, Date

Please complete this application form in block letters.
