LASOTRONIX

SMART^{M} dental diode laser – Versatile and functional

LASOTRONIX is proud to present the diode-based laser platform especially designed for dentistry, the SMART^{M} series. SMART^{M} laser is offered as a combination of two lasers in one package: 10 W at 980 nm wavelength for a wide range of applications in microsurgery, endodontics, periodontology, pain therapy and whitening as well as 400 mW at 635 nm wavelength for cold therapies like biostimulation and PAD (Photoactivated Disinfection). Combining two wavelengths in one device made SMART^{M} laser a unique and advanced application for all soft tissue procedures in dentistry.

Thanks to thoughtful design that allows integration with the dedicated workstation or a dental unit, SMART^{M} laser meets the needs of every dental office and assures perfect operation comfort. In addition, accessories such as a wide range of fiber delivery systems, application end tips and a variety of surgical handpieces provide maximum versatility. As a result, the SMART^{M} laser is suitable for a vast number of therapies. If you want to join us and promote our innovative products please kindly contact us via E-Mail: mp@lasotronix.pl.

Light Instruments Ltd.

Sino-Lite Ltd. announces Acquisition of Light Instruments Ltd.

Sino-Lite Ltd., an Israeli corporation, has announced the acquisition of Light Instruments Ltd, a leading dental laser manufacturer, previously owned by Syneron Medical Ltd.

Light Instruments Ltd. is famed for its flagship product the LiteTouch™ Er:YAG laser. This product incorporates the innovative Laser-in-Handpiece technology, housing the entire laser mechanism within a small sized chamber, measuring 22 cm long by 2.6 cm diameter. Thanks to its technological design LiteTouch™ mimics the feel of the turbine drill and yet incorporates laser benefits: micro surgery, faster healing, minimal invasive treatments and higher acceptance of patients to dental treatments.

Sino-Lite Ltd. specializes in the acquisitions, development and management of dental and medical companies worldwide. The company is backed by strong Chinese groups headed by Sino-Ita International Trading Company, distributor of the Italian brand NewTom Cone Beam 3D Imaging in China and South East Asia. Sino-Ita integrates the whole chain from research, sales to service.

According to Adv. Eric Ben Mayor, CEO of Sino-Lite Ltd. and Light Instruments Ltd., the acquisition of Light Instruments Ltd. is the first step, within a sequence of acquisitions of high technology companies and innovative companies that the group intends to acquire in the Israeli market. “Sino-Lite Ltd. will expand Light Instruments Ltd’s workforce, variety of high-end dental lasers offering and add advanced technologies and solutions, increasing the company’s position as a leading industrial innovator.”
