**Four implants. A fixed full-arch provisional prosthesis. Same day.\***

Since it was first introduced in 1998, the All-on-4<sup>®</sup> treatment concept has changed the lives of hundreds of thousands of patients. Today, the concept is established as the best in its class of solutions, but only when Nobel Biocare products are combined.

Now supported by 34 clinical studies featuring 2400 patients, many have tried to mirror this groundbreaking concept, but only Nobel Biocare has the scientifically documented success to back it up.
