## IMPLANTS FROM DENTAURUM

CITO mini<sup>®</sup>

DENTAURUM  
QUALITY  
WORLDWIDE  
UNIQUE

Dentaaurum was founded over 130 years ago and has been developing and manufacturing dental implants in Germany for more than 20 years. The number of users around the world is growing continuously and users are happy to see a steady flow of innovations, improvements and extended indications in the product portfolio.

And they are impressed by our training center CDC and the large number of training courses there are at all levels.

Come to the Dentaaurum Group stand and find out about the latest product developments and courses on offer for implantologists and for those in the making.

**The Dentaaurum Implants team is looking forward to meeting you.**
