Copyright Regulations

implants international magazine of oral implantology is published by OEMUS MEDIA AG and will appear in 2017 with one issue every quarter. The magazine and all articles and illustrations therein are protected by copyright. Any utilization without the prior consent of editor and publisher is inadmissible and liable to prosecution. This applies in particular to duplicate copies, translations, microfilms, and storage and processing in electronic systems. Reproductions, including extracts, may only be made with the permission of the publisher. Given no statement to the contrary, any submissions to the editorial department are understood to be in agreement with a full or partial publishing of said submission. The editorial department reserves the right to check all submitted articles for formal errors and factual authority, and to make amendments if necessary. No responsibility shall be taken for unsolicited books and manuscripts. Articles bearing symbols other than that of the editorial department, or which are distinguished by the name of the author, represent the opinion of the afore-mentioned, and do not have to comply with the views of OEMUS MEDIA AG. Responsibility for such articles shall be borne by the author. Responsibility for advertisements and other specially labeled items shall not be borne by the editorial department. Likewise, no responsibility shall be assumed for information published about associations, companies and commercial markets. All cases of consequential liability arising from inaccurate or faulty representation are excluded. General terms and conditions apply, legal venue is Leipzig, Germany.

Straumann® BLT Ø 2.9 mm – the SmallOne
Another legend is born:
Small, strong and enduring.

LESS INVASIVE*

A perfect combination of shape, strength and healing power.

NATURAL LOOKING ESTHETICS

Novel prosthetic design that closely matches the anatomy of teeth.

FULL STRENGTH

A strong and reliable treatment option thanks to Roxolid®.

Contact your local Straumann® representative today to find out more about the SmallOne. Or visit smallone.straumann.com.

*if GBR can be avoided

Original. Proven. Life changing.

The All-on-4® treatment concept

Four implants. A fixed full-arch provisional prosthesis. Same day.*

Since it was first introduced in 1998, the All-on-4® treatment concept has changed the lives of hundreds of thousands of patients. Today, the concept is established as the best in its class of solutions, but only when Nobel Biocare products are combined.

Now supported by 34 clinical studies featuring 2400 patients, many have tried to mirror this groundbreaking concept, but only Nobel Biocare has the scientifically documented success to back it up.

Offer your patient life-changing treatment you can both rely on.

*Provided stability criteria for immediate loading are fulfilled.
