international magazine of ceramic implant technology

Print Run: 10,000

Taking these developments into account, OEMUS MEDIA AG publishes ceramic implants—international magazine of ceramic implant technology since 2017. This special edition of implants—international magazine of oral implantology is updating readers on the most current status of metal-free implantology, through case and scientific studies, as well as concise product and market information, in addition, special attention will be given to international specialist congresses and symposia. The print run of the magazine is 10,000 copies that are being distributed directly to recipients (subscribers of implants—international magazine of oral implantology) in more than 100 countries, as well as at international dental shows and congresses. Moreover, its e-paper version (www.zwp-online.info, three million visits per year) will be available at all times. Since 2018, ceramic implants magazine is being published twice a year. ceramic implants—international magazine of ceramic implant technology is published in English.
