

PRECISE 3D-IMAGING

Show what you're made of—with precision of *PreXion*.

EXPLORER PreXion 3D

At IDS 2019, the Japanese technology group PreXion successfully introduced their new CBCT system *PreXion3D EXPLORER*. The high-performance system, especially developed for the European and US market, allows for an extraordinary combination of the most precise imaging, great picture detail, low radiation exposure, safe diagnostics and digital planning, covering the entire range of indications in modern dentistry.

Show what you're made of—with precision from PreXion.
