international magazine of laser dentistry

Lasieranwendungen und -systeme in der Zahnmedizin bewähren sich seit vielen Jahren. Die Vorteile sind klar und die Entwicklung von immer besseren und moderneren Geräten ist rasant. Um mit dieser Entwicklung Schritt halten zu können, benötigen die Zahnärzte weltweit ein Magazin, welches all diese Neuigkeiten zu Produkten und deren Anwendungsmöglichkeiten präsentiert.

Laser meets Implantology - im November 2020 wird die DGL gemeinsam mit der Deutschen Gesellschaft für Zahnärztliche Implantologie (DGZI) ihre Jahrestagung in Bremen abhalten. Im Rahmen dieses **3. Zukunftskongress** werden ca. 400 Zahnärzte hochklassige Vorträge zu beiden Themen hören und die Möglichkeit haben, sich an zahlreichen Table-Clinics zu Behandlungsmethoden und Produkten zu informieren. Sämtliche Table-Clinics werden innerhalb der Industrieausstellung integriert sein, was einen noch einen engeren Austausch zwischen Referenten, Teilnehmern und den Vertretern aus der Industrie ermöglicht.
