## Tapered Pro predictable, immediate results

Immediate implant treatment requires predictability. Tapered Pro implants have been developed based on over 10 years of tapered implant success. The unique design elements provide a predictable solution for immediate treatment.

### design features include:

- tapered body and aggressive threads provide primary stability
- end cutting, self-tapping thread design for controlled implant placement in challenging sites
- reduced collar diameter preserves vital bone
- unique Laser-Lok microchannels create connective tissue attachment and retain crestal bone, allowing better control of esthetic outcomes
