

ONE-YEAR MASTERSHIP/FELLOWSHIP PROGRAMME LASER THERAPY IN DENTISTRY Certification Course – 1 year

This programme is offered through the RWTH Aachen International Academy, the postgraduate education facility of RWTH Aachen University, and is conducted by AALZ Aachen Dental Laser Center (AALZ). The Mastership/Fellowship course is aimed at dentists who would like to specialise in selected wavelengths. Over the course of one year, fundamental physical and technical knowledge is taught. Participants acquire extensive practical skills in hands-on sessions and live demonstrations. The completion of this Mastership/Fellowship course may be credited towards the corresponding modules of the M.Sc. "Lasers in Dentistry".
