

# Straumann® Pro Arch BLX

## New confidence, flexibility and efficiency with one system.

One system for most full-arch challenges of the immediate rehabilitation with the Straumann® BLX implant system designed for primary stability.

### CONFIDENCE

Implant design and Dynamic Bone Management™ for primary stability, Roxolid® for strength<sup>1, 2</sup> and SLActive® for faster healing<sup>3</sup>.

### FLEXIBILITY

Broad range of 42 implants and optimized shallow threads of narrow implants designed for use in the soft and hard bone.

### EFFICIENCY

One connection for all diameters. Ø 3.75 mm implant for all indications and slim and smooth Screw-retained Abutments.
