

Just 115 x 90 x 28 mm: the claros pico®

“elexxion’s latest development is absolutely brilliant.

It’s exactly what practitioners like us need!”

It's here! elexxion, the global technology leader for high-quality dental lasers, is presenting the claros pico® for professionals.

The claros pico® is an absolutely full-featured, professional-standard dental laser that comfortably fits in one hand. With its lithium ion technology, it offers all the mobility that modern practices demand.

What does that mean for you on the front line? With the claros pico® you'll be getting a diode laser that opens up new treatment possibilities in endodontics, periodontics and soft tissue surgery at the "push of a button". You'll be able to treat numerous indications more effectively - and give your practice a new competitive edge in the process. And, needless to say it boasts a laser bleaching function that your assistants can use on their own.

For more information about the brand new claros pico® please visit our website.
