

# 5<sup>TH</sup> ANNUAL MEETING OF

# ISMI

 | INT. SOCIETY OF METAL FREE IMPLANTOLOGY

10–11 May 2019

Constance, Germany — hedicke's Terracotta

BOOK ONLINE/  
CONGRESS PROGRAMME

[www.ismi-meeting.com](http://www.ismi-meeting.com)

## Theme

**Ceramic Implants—Game Changer in Implantology**

## Scientific Director

**Dr Dominik Nischwitz/Tübingen (GER)**

## Dear colleagues,

With the present programme, I would like to cordially invite you to the 5<sup>th</sup> Annual Congress of our still young expert association in Constance. According to the motto “Ceramic Implants—Game Changer in Implantology”, renowned experts and practitioners will discuss practical experiences and current trends in ceramic implant dentistry, as well as biological aspects of metal-free implantology on both congress days. The aim is to set new standards in this particularly innovative field of implantology. While previous ISMI conferences predominantly focused on fundamental questions of ceramic implantology, this time round the focus will be on different implant systems and the experiences practitioners are having with them.

Our two-day event begins on Friday with a pre-congress symposium, seminars and the online broadcast of a live operation. The highlight of the first

congress day will be the ISMI White Night (hedicke's Terracotta), where the participants and the speakers can end the day in a relaxed atmosphere drinking wine and enjoying music. Saturday will be dedicated to the scientific lectures.

As Scientific Director of the ISMI Annual Congress 2019, I would be delighted to welcome you to Constance on 10 and 11 May 2019.

Yours sincerely,

**Dr Dominik Nischwitz**

Scientific Director

## PRE-CONGRESS | Friday, 10 May 2019

11:30–12:00 Welcome coffee at the industrial exhibition

**SYMPOSIUM 1**

12:00–14:00

**camlog**

**Presentation of the CERALOG Implant System—Components and Indications**

**Dr Rouven Wagner/Dortmund (GER)**

### LIVE SURGERY (Live streaming)

**Guided implant placement with CERALOG in the aesthetic zone**

**Dr Frank Maier/Tübingen (GER)**

After extensive block augmentation in Regio 12 and 22, the insertion of two-piece CERALOG Hexalobe zirconia implants is planned. Following the removal of the osteosynthesis, a tooth-supported guide is inserted and the implant bed is prepared according to backward planning. After the implant placement, the compromised soft tissue is reinforced with a connective tissue graft. Optionally, the preoperatively fabricated individual abutments and temporary crowns will be placed.

14:00–14:30

Break/Visit of the industrial exhibition

**SYMPOSIUM 2**

14:30–18:00

**Biological dentistry and ceramic implantology**

**Dr Dominik Nischwitz/Tübingen (GER)**

### Contents:

- The mouth as a reflection of health—the connection between chronic systemic diseases and the oral cavity
- Metals: immunology vs toxicology
- NICO (Neuralgia-Inducing Cavitation Osteonecrosis): chronic inflammation in the jawbone
- Root canal treatment from a biological point of view—what to do?
- The optimal biological-immunological surgery preparation
- Ceramic implantology: Step-by-step protocol for successful osseointegration
- Tips and tricks from the daily practice

## EVENING EVENT

Starting 19:00

ISMI White Night

Dinner party at the **hedicke's Terracotta**

## MAIN CONGRESS | Saturday, 11 May 2019

**Scientific Direction/moderation:** Dr Dominik Nischwitz/Tübingen (GER)

09:00 – 09:10	<b>Dr Dominik Nischwitz/Tübingen (GER)</b> Opening ceremony
09:10 – 09:40	<b>Dr Dominik Nischwitz/Tübingen (GER)</b> Ceramic implants in the dental practice—the shape matters
09:40 – 10:10	<b>Dr Ralf Lüttmann/Eckernförde (GER)</b> Ceramic implants—a better and more reliable alternative?
10:10 – 10:50	<b>Dr Tobias Wilck/Hamburg (GER)</b> The metal-free oral and maxillofacial practice. How we solve even the most complicated cases exclusively with ceramic implants today
10:50 – 11:00	Discussion
11:00 – 11:45	Break/Visit of the industrial exhibition
11:45 – 12:10	<b>Dr Wolfgang Winges/Bad Hersfeld (GER)</b> 15 years of clinical experience with ceramic implants—surgery and prosthetics
12:10 – 12:35	<b>Dr Rouven Wagner/Dortmund (GER)</b> Prosthetic restorations with the CERALOG system
12:35 – 13:00	<b>Prof. Dr Dr Frank Palm/Konstanz (GER)</b> New bone regeneration possibilities—Clinical socket preservation procedure
13:00 – 13:25	<b>Dr Manuel Bras da Silva/Dortmund (GER)</b> Horizontal and vertical augmentation using a bioresorbable material. Biology and clinical cases with ceramic implants
13:25 – 13:30	Discussion
13:30 – 14:30	Break/Visit of the industrial exhibition
14:30 – 15:00	<b>Prof. Dr Michael Gahlert/München (GER)</b> Comparing ceramic implants and titanium implants. Can one survive without the other?
15:00 – 15:40	<b>Dr Johannes Müller/Wörth (GER)</b> Biological dentistry Pathological tooth–organ relations Diagnostics and therapy
15:40 – 16:10	<b>Dr Elisabeth Jacobi-Gresser/Mainz (GER)</b> Studies on tissue reactions around zirconia implants
16:10 – 16:15	Final discussion

## ORGANISATIONAL MATTERS

**Friday, 10 May and Saturday, 11 May 2019**

### Congress fees

Dentist	€ 320 plus VAT
