

implants

implants is one of the most widely distributed dental publications in the world today, with an audience in about 100 countries. This English-language journal is published in cooperation with the German Association of Dental Implantology (Deutsche Gesellschaft für Zahnärztliche Implantologie, DGZI), the oldest expert society for implantology in Europe, and is geared towards to the international transfer of professional knowledge. With four issues every year, implants inspires its readership with a variety of clinical case reports, an overview of relevant product innovations and exciting news from the world of science and research, aspiring to reflect the current state of oral implantology. In addition, the journal places great emphasis on global dental conferences and continuing-education events as well as the international activities of DGZI, whose 11,000 members and associates form community of implantological specialists. More than 80 per cent of the print run copies are distributed directly to DGZI members and subscribers. Moreover, implants is present at at more than fifty dental exhibitions and congresses worldwide. implants – international magazine of oral implantology is published in English.
