Implantology & Modern Dentistry

Verona, Italy, May 2019

In close cooperation with the University of Verona, the Giornate Veronesi—the Days of Verona—will be held from 3 to 4 May 2019. It will be the fourth time that OEMUS MEDIA AG will hold a dental event with special Italian flair. Locations of the congress are the University of Verona, as well as the congress resort VILLA QUARANTA on the outskirts of Verona. The scientific hosts of the congress are Prof. Dr Pier Francesco Nocini/IT and Prof. Mauro Marincola/IT.

The event series started back in 2013 with great success in cooperation with the Sapienza University of Rome, Italy. Now the “Giornate Romane” will turn into “Giornate Veronesi”—the event will be the same but the location another. In 2019, the high-class event will thus be hosted in Verona, Italy, in close cooperation with the University of Verona. The credo of the event will be to combine high-quality scientific lectures and Italian lifestyle. On that occasion, the content of the programme has been extended enormously. Beyond the main podium concerning dental implantology, OEMUS MEDIA AG now also provides a programme for general dentistry as well as a programme for dental assistants. An innovative concept regarding both the content and the organisation has been applied to make this educational congress a one-of-a-kind experience for all participants.

The event will start on Friday morning with a scientific session at the University of Verona. Bus shuttles will

ensure the transfer for all participants. In the afternoon, a live-surgery broadcasted at the congress hall of VILLA QUARANTA and table clinics will round up the day. On Saturday, more scientific lectures will be held at the congress resort VILLA QUARANTA.

The Giornate Veronesi promise many opportunities for direct discussions with all lecturers, colleagues and the industry partners. The programme, the get-together on Friday and the typical Italian dinner with wine and music on Saturday will leave much space for conversation and dental exchange.

All registrations completed before 31 October 2018 will receive an early bird discount of 10 per cent of the conference fee.
